Dedicated to MR. SAMUEL KILISHEK

Why Does God

by GERTRUDE SCHROER

Class of '54

Why does God always choose the best of men; kind, sympathetic, understanding?

Why doesn't God take the murderer, or the common thief, those who are always demanding

Something for themselves, taking but never giving, Hurting others, friends, foes, killing anything which is living?

Why does God remove from earth the courageous, unfrightened man,

Instead of those who stand back and say, "I don't think I can"?

While we could do without the lesser of these two, God chose the better man, the same as you or I would do.

We now have lost a wonderful man, friend to us all,

And though he said, "The best packages are those which are small,"

His heart was large, full of feelings for us alone,

His smile and voice could melt any man, even one of stone.

"Why did God take him from us?" we ask.

I'd say because in Heaven he had a greater task, One greater than any he's done on earth these past years,

"And he'll do it well," you say, smiling through your tears.

And so if you look out the window tonight and see

A star, nearer, brighter, different from the rest,

It will be Mr. Kilishek, friend, teacher, still watching over us

from high above,

He who has shared our friendship, hardship, fun, and love.

Mr. Kilishek, rest in peace, because peace is yours at last,

And don't work too hard on the newly acquired God-given task.

We miss you now, and although the months ahead pass into years,

We'll remember you always, though our eyes be dimmed with tears.

God, you've got a man, one of the best—

Mr. Kilishek, a little better than the rest.

He might be with You now, but he's in our thoughts, too.

Take care of him God; he'll do his best for You.

Why does God choose the best of men?

In Memoriam

To the Class of '55:

Each generation feels that it is besmirched with confusion; this is not so. It is simply "growing up." However, the training and education that you have received in Dunellen High School will greatly aid in keeping your generation an orderly one.

Please remember that your generation, your society, your profession, your job and your LIFE will be only as successful as you make it. You will make it successful by the contribution you make in work and loyalty and faithfulness to America and to yourself.

Be certain that you always make your contribution.

Your generation will be a better one because of you.

Dunellen High will be a finer school; a place of dignity because of you.

Best Wishes,
 W. A. MILLER, JR.

To the Class of 1955:

To help us become something better than what we are now, we learn in high school to borrow great ideas and build high ideals. Thackeray loans us this thought — "Life is a mirror: If you frown at it, it frowns back; if you smile, it returns the greeting."

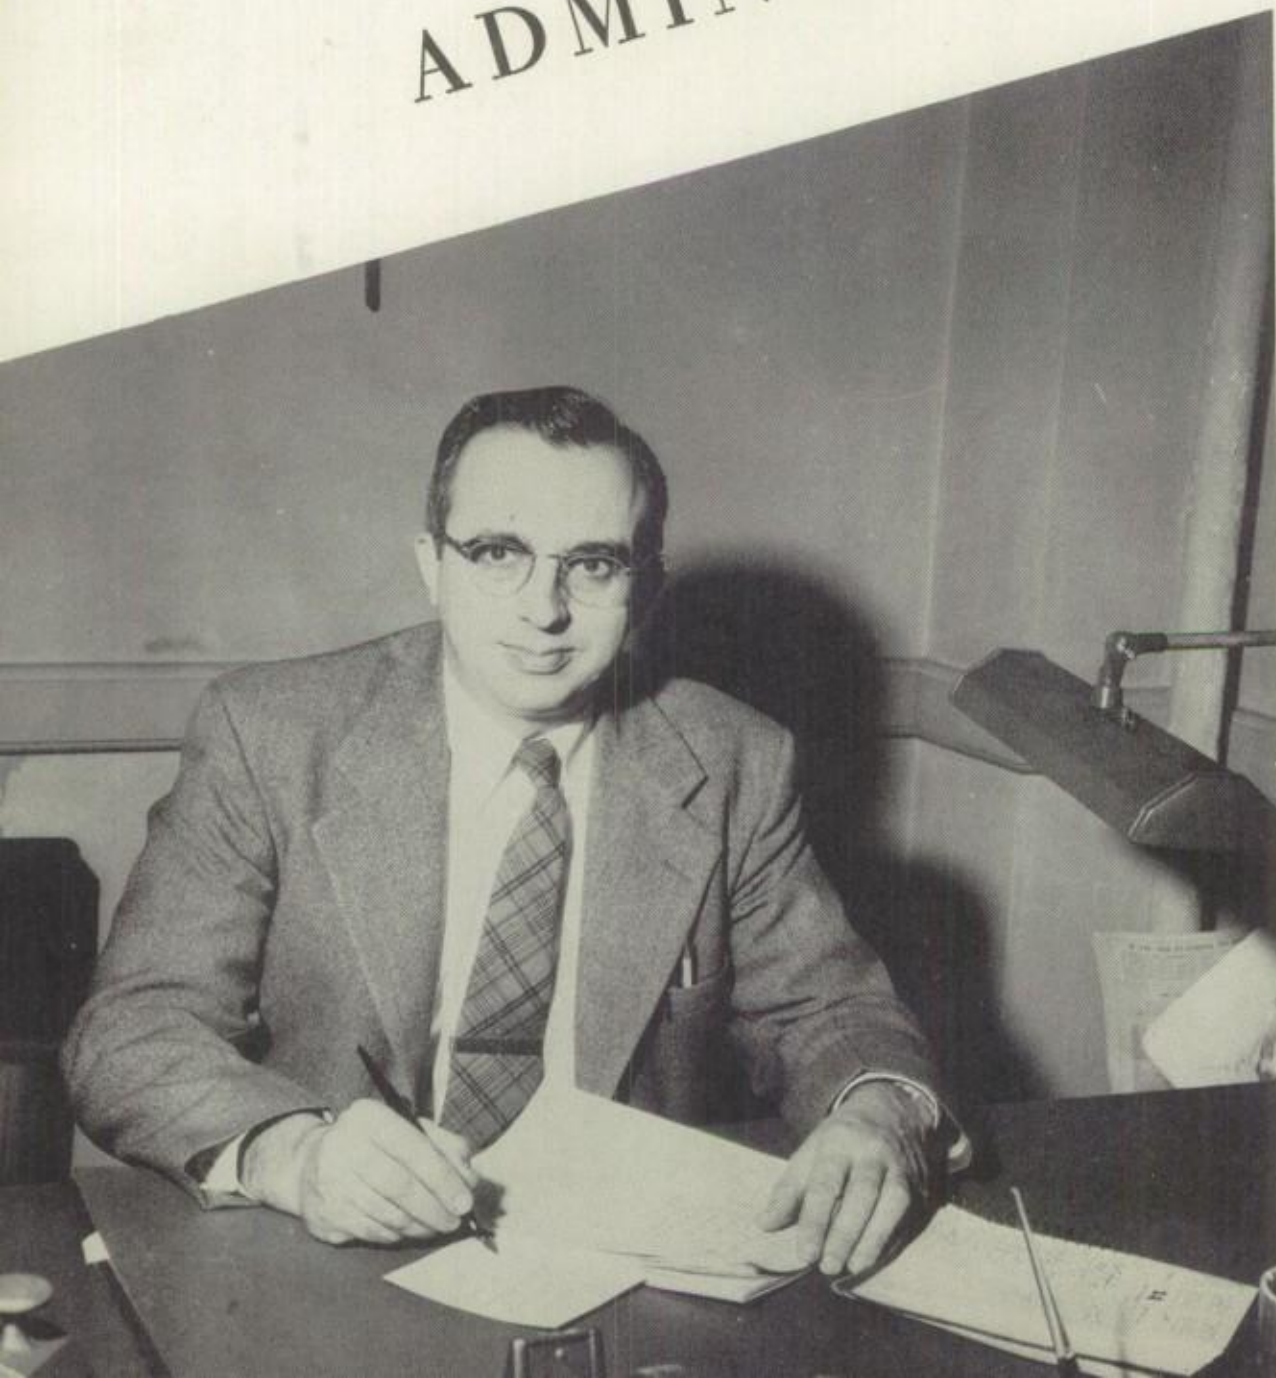

Your friend,

W. F. BOLEN
Superintendent of Schools

Mrs. Ann
Anderson
Secretary to
Mr. Bolen

ADMINISTRATION

Mrs. Elsie

Secretary to
Mr. Bouboulis

To the Class of 1955:

The portion of your life which you are about to commence will be greatly enriched by the fruits of your efforts throughout your school career. Your personality will reflect the impressions you have gained from those you have been associated with.

May you realize the satisfaction that goes with knowing that this world is a better place in which to live because you have lived in it and because you have multiplied many times the talents with which you were favored. It will help you to grow if you will think positive thoughts and carry them out, seeing at the end of each day some definite accomplishment.

It has been a real pleasure to join your school and to make your acquaintance.

Sincerely,

M. N. BOUBOULIS,
Principal

EXODUS STAFF

Once again the *Exodus* had its base of operation in room #14.

This year's staff really got on the ball and did fine work in turning out the finest yearbook ever.

The staff wishes to thank all those who have aided them in any way, and they hope that the *Exodus* of '55 will be something long remembered with pride by Dunellen High School.

JUNIORS

juniors

A black and white photograph featuring a silhouette of a person on the left side, facing right. The person is holding a marker and has just finished drawing the word "juniors" in a cursive script on a wall. The wall is covered in a large-scale geometric pattern of intersecting lines and dots, creating a grid-like effect. The lighting is dramatic, with the person's silhouette being dark against the lighter, patterned background. The overall composition is minimalist and artistic.

The Destroyers turned in one of the best records in history, winning 19 out of 20, as the yearbook went to press, the lone setback being a last-second 62-60 loss to a strong Cranford five.

Key to the club's success was the team's overall balance with all five starters scoring consistently in double figures.

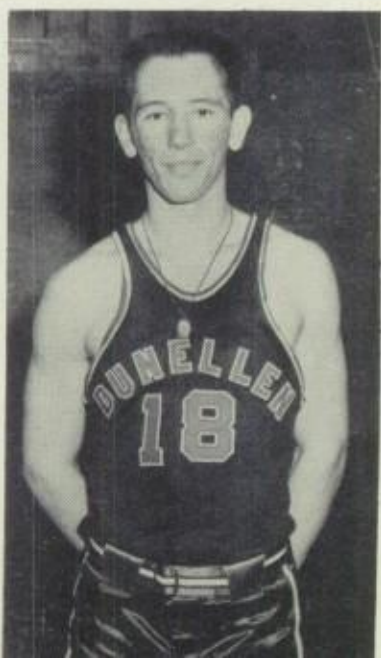

Roman (Boo) Heleniak led the scorers with a 23-point average, while captain George Chingery was runner-up with a 15-point average.

This year's Varsity Squad is composed of four senior and four junior girls who have worked well together in close friendship.

As cheerleaders, they were busy making pom-poms for football games, giving pep-rallies and composing new cheers like "We Gotta Win."

The squad won't easily forget the fun they had marching through town after football games, getting out on the court to cheer for that fabulous basketball team, and all the other things done to make their squad one that the school won't easily forget.

GUESTS

Once again the New York Herald Tribune Forum has honored Dunellen High School by sending two Forum participants to visit Dunellen families. Miss Hisako Shimazu, of Osaka, Japan, and Mr. Sai Sang Toom of Taunggyi, Burma, arrived in Dunellen on January 15.

Miss Shimazu was the guest of Phyllis Roth, 375 New Market Rd., Dunellen, and Mr. Toom of Ted Holcombe of 28 Church St., New Market. Both hosts were members of the senior class.

Miss Shimazu, 18, is a third year student of Tezukayama Gaukin School in Osaka, Japan. The war years have left bitter memories, but she recalls a happy childhood spent with her grandparents who managed a large well-known department store near Tokyo. Miss Shimazu enjoys reading, music and the movies.

Mr. Sai Sang Toom, a student at Kambawsa College, Taunggyi, Burma, has just turned 16. When the Japanese occupied Burma, his family was forced to live in the forests and subsist on wild animals and fruits. At the end of the war he was sent to India for an education, then to Kambawsa College. After a year there he learned that his father was ambushed and killed. Mr. Toom's hobby is stamp collecting. His ambition is to become an engineer. Mr. Toom says: "Burma will need engineers to bring it to a modern standard with bridges, buildings, and above all a new and better civilization."

A student committee was formed to plan a schedule of activities for the visitors. Members of this committee were: Phyllis Roth, Deanna Schneider, Frances Roberts, Lucy Wiltrakis, George Chingery, Ted Holcombe, Curt Hare, and Fred Henry. Some of the activities planned were a faculty introductory tea, an assembly program, a party and dinner for the visiting students and the host families.

For 38 years Johns-Manville people working together have contributed to the rapid industrial development in this community.

Each year J-M spends \$6,610,000 for New Jersey materials, supplies, power and freight. These expenditures have helped provide jobs in many other industries and have contributed to an ever-increasing standard of living for the people of this community.

Johns-Manville is proud to be a neighbor in an area as progressive and as American as this.
